## Tasting Note

The sour side of life. This beer spends a year in Chardonnay barrels partying with the nicest bugs we know. Lean and fruity, peachy and very dry. Delicate, racy and moreish. You'll know where we are coming from.

## Food Match

Cray Fish, Ribs with BBQ sauce, Aged Brie.

## Word from the brewer

Lambics or Sours are an archaic beer style with a wild and unconventional nature. Bored of hops? try a sour ale for a thrilling taste sensation.
