

Mahi

Mahi, meaning 'our work, our craft', began in 2001, fulfilling a dream of ours. After 15 vintages it was time to do our own thing. With a strong focus on single-vineyard wines, and now backed up by a series of premium regional wines from Marlborough, the idea behind Mahi is to respect and promote the individuality of the various vineyards.

The Mahi symbol represents the strength, life and growth of the native New Zealand frond (fern), with the understanding that wine should never be rushed to bottle, respecting its ability to evolve naturally over time.

2017 Mahi Boundary Farm Sauvignon Blanc

The influence of wild yeast, vineyard site, barrel-ferment and time on lees makes for a rich and textural style of Sauvignon Blanc. Eleven months in French barriques has given this wine a well-rounded textural palate while still retaining freshness at the back of the palate.

Variety: Sauvignon Blanc

Region: Marlborough

Winegrowing team: Brian Bicknell, Pat Patterson, Phoebe Cathcart, our focussed growers and brilliant vintage staff

Alcohol: 13.8 %

Total Acidity: 7.0 g/l

Residual Sugar: 2.58 g/l

Brix at Harvest: 22.7

Harvest: Handpicked

Harvest Period: 12th April 2017

Winemaking details

This wine comes from a small hillside parcel on the southeast boundary of the township of Blenheim. The vineyard is run by Perry and Stephanie Gilbert, who also live on the property, ensuring great attention to detail.

The north-facing aspect means that the grapes receive as much sunshine hours as possible helping them to ripen well and are often some of the earlier grapes of our vintage.

The soil structure has a higher percentage of clay, which we have found gives extra weight and interest to the palate, adding texture and suppleness to the wine.

The grapes were hand-picked, whole-cluster pressed and taken straight to French barriques without any chemical additions. It was fermented with indigenous yeast in the barrels, helping to add complexity and texture, without dominating the nose.

The wine was left on yeast lees for eleven months, which were stirred regularly. This meant that the yeast added both savoury notes and also served to work as a natural fining agent. After time in barrique it was gently racked then bottled without fining.

Vintage

There are a number of distinguishing characteristics about this vintage, with the first being that it was one of our latest starts to date. Temperatures were not particularly low but the sunshine hours, especially in March had been a bit lower which slowed the process of photosynthesis.

This year we harvested at slightly lower Brix than usual to make sure that the fruit was clean and aromatic rather than leaving it out to go through the tail ends of both Cyclone Debbie and Cook. Because of this something like 85% of the harvest came in over a relatively short period so there were a few long days and nights.

The ferments were super aromatic and it was a year that gentle fruit handling and lower crop levels were appreciated, and one that really showed the value of having our own winery.
