

Plumm Glassware

PLUMM

MELBOURNE, AUSTRALIA

WWW.PLUMM.COM

Designed for wine, the Plumm story is one of elegance and simplicity. We've been making wine glasses since 2009 - the only wine glass brand owned by a wine company. We know wine, and we know that enjoying it in the right glass can be the difference between a good glass of wine and a great one. We work with top winemakers, sommeliers and restaurants in Australia and around the world to create wine glasses that are both beautiful and practical. There are thousands of different grape varietals but most fall into a few specific styles. Our collections are designed to elevate those styles, eliminating the need for a glass for every varietal. Wine can be complicated, but wine glasses shouldn't be. Australian owned and made from the finest European crystal, Plumm enhances your wine experience and keeps it simple. So next time you open a bottle of wine, pour it in Plumm.

Plumm. Design. For Wine.

PLUMM THREE

Ultra-fine European crystal glasses developed in conjunction with leading Australian sommeliers. Designed to enhance the modern experience of wine and dining.
