2019 PINOT GRIS

The 2019 Pinot Gris is in great balance with a core of ripe fruit, supported by soft acidity that carries the wine to a long finish. Aromatically, the wine displays subtle nectarine, white peach, with a touch of spice from neutral oak. The palate is generous from time on lees, but juicy and crisp around the edges. A pure and refreshing style of Pinot Gris.

WINEMAKING

The 2018/2019 growing season wrapped up with exceptionally clean fruit and low yields that developed excellent concentration and flavour. January through March was hot and dry with little rainfall and combined with the low yields meant harvest started earlier than usual. It also allowed picking decisions to be made in the vineyard on flavour and reaching optimum ripeness.

Fermented in 90% stainless steel and 10% in older 500 L puncheons
