FOOTPRINT

SHIRAZ

*Walk lightly on this hard old country. Respect the profound silence of the empty footprint, and the 60,000 years of gentle treading that went before the grape. Ponder the unlikely odds of a rectangular paddock best harnessing the eternal chaos of Earth and Fire below; Water, Air and Light above. Use the smartest, cleanest technology to locate the Footprint of the finest vines in each vineyard. Pick them separately, give that exceptional fruit the loving touch, and the Penny's Hill Footprint is made.*
